

The Bay Area's five largest water agencies — the **Contra Costa Water District**, the **East Bay Municipal Utility District**, the **San Francisco Public Utilities Commission**, the **Santa Clara Valley Water District** and **Zone 7 Water Agency** — are jointly exploring a regional desalination project that would provide an additional water source, diversify the area's water supply, and foster long-term regional sustainability.

Join us for a public meeting and open house to learn about this project. Information will include the results of studies conducted by the agencies, what the next steps in the project are and how you can become involved.

A presentation and question and answer period will be followed by an Open House featuring agency representatives who can address any of your particular questions or concerns.

DATE: **May 29, 2012**

TIME: **6:00pm – 8:00pm**

LOCATION: **Redwood City Hall Council Chambers
1017 Middlefield Road, Redwood City, CA 94063
(approximately ¼ mile from the Redwood City Caltrain
Station)**

AGENDA:

6:00 pm – 7:00pm: Presentation on the project background, current status, planned activities, followed by Q&A

7:00 pm – 8:00pm: Open house format so you can speak to agency representatives and talk more specifically about different aspects of the project including environmental impacts and the project planning process
